CLUB KARAOKE & DJ SERVICES!

Bryan Sexton
Featured Singer

I love music and I've been singing to the radio for as long as I can remember. I sang karaoke while stationed in London, England back in 1994-1996. Then 6 years ago I started singing karaoke again. It is such a great way for me to relieve stress and just let loose. It has also helped me become more outgoing.

I really appreciate the friendships that I have developed while coming to the karaoke shows. Every karaoke show is filled with singing, fun and laughter.

Karaoke? What is that? I never knew what Karaoke really was until I went with my sister to a Karaoke show one night to meet a dear friend who invited her to come and watch. We all had a lot of fun that night. Her friend, Robin, made us get up on stage and sing with him. We only had to sing one word

oke beads. It is so amazing how a karaoke show leads to friendships and being part of the "Karaoke Family".

I have become addicted to Karaoke. You don't have to be a professional singer, I certainly am not, you just have to want to have fun. Sometimes crazy fun happens, I am very grateful for the friends I have bonded with. Without people like Chad, with the support of his lovely wife Linda, we would miss out on the opportunity to share our voices with others, and to hear them share theirs with us. Thank You Club Karaoke for the shows you provide to all your karaoke singers.

CLASS REUNION

Class Reunion Ideas

There are hundreds of ideas you can incorporate into a class reunion. The trick is finding the right one for your group. Here are some suggestions from reunion planners around the country:

Reunions By Design in El Cajon, California, reports that they have a company come in with blackjack and crap tables. She says you can find companies in the yellow pages under "entertainment," or contact the Convention and Visitors Bureau for referrals. Sometimes they offer raffle tickets at the end of the night for exchange of chips, with a prize of a 3-day/2-night stay in Las Vegas. These games are good for spouses and guests at reunions because they are

happy and have something fun to do while the spouse enjoys talking to classmates.

Some DJs devise contests.

One requires a group of five to eight male classmates to strike poses or do a skit. Then the females do the same. It's great for laughs and a fun opener for the committee.

How about a comedians or DJ who plays Name That Tune? Or adds a trivia game.

Be creative and think outside the box. People are more interested in reminiscing than anything else, so any entertainment that you bring in should be unobtrusive. And keep it cheap!"
