CLUB KARAOKE & DJ SERVICES!

Featured Singer Bonnie Naftzger

Bonnie is grateful to Club Karaoke for this Feature. She has been singing since she was 5. She thoroughly enjoys Karaoke and sees it as an opportunity to bring Joy. Bonnie believes that 'all voices deserve to be heard'. She loves sharing the stage with others and getting the crowd involved when she sings.

All new songs to her are potential 'friends' and she strives to 'honor the lyricists by keeping close to the tone & the meaning of the song'. Bonnie leaves no genre untouched and is best known for songs like *Uptown Funk*, *Happy*, *Orange-Colored Sky*, *Here for the Party* and *Heartbreaker*.

Affectionately nick-named Sweet Cheeks, she spends much of her Karaoke time working with Cam Doc Brown making sure that all of those who attend, feel empowered through her photos and words of support. That's what she loves doing most: lifting others toward their highest vocal potential. Bonnie has fun with Chad & Linda at Club Karaoke, where she can kick-back and sing!

Featured Singer: Ken Machor

I have been singing since the fifth or sixth grade in the choir at St. Vincent DePaul Church in Cleveland. From there I just sang to the car radio at will. I got a quartet together a year

ago to fulfill one of my bucket list desires. I love singing karaoke and sing as much as I can.

Songs from the 50s are my favorites like: "Cara Mia", "My Kind of Girl" and "There I Said It Again"

Thanks to Chad and Linda, I have had a lot of good times singing. They are among the best of friends who love to sing. But I couldn't do it without my number one fan, my wife, Arlene.

Some Tips for Hiring a DJ

♥ Do not ask a DJ to “see them at another reception”. Wedding receptions are private events, and should be kept that way. Would you like someone you don’t know coming to your reception? At another event, your DJ may do something you dislike. However, it may be exactly what that bride & groom requested for their reception. Peeking in on another party does not give you the full spectrum of what your DJ offers. Besides, the only way to truly see how the DJ can handle all aspects of the entire event would be to stay for the duration.

♥ Listen to what your DJ says during your meeting. An experienced DJ will listen to your desires, offer suggestions, and can help you plan your entire reception the way you've already envisioned it. They will know what sequence of events occur and how to work with your other vendors insuring a GREAT party. Your wedding day should be the way YOU desire it, and your DJ will facilitate your reception as you desire.

♥ A professional DJ will not “bad mouth” another DJ service by specific name. Doing so shows that they lack integrity and professionalism. Speaking “down” about a specific company also shows the DJ service lacks character and class, and you may want to consider using another service.
